MARINER

The Class of 1967, New Bedford Vocational High School.

FOREWORD

We, the Seniors of today, the leaders and the backbone of our nation's industries of tomorrow, will receive on a night in June a diploma. This Award, which symbolizes four years of bringing forth the mature and adult minds needed in this world of today, will be greatly appreciated.

Mature men and women who realized that we are the most valuable and vital source of our nation's future have taken it upon themselves to teach us the written knowledge that appears in books; they also have molded our character in this most important part of our lives.

Four years of feeling the pains and headaches of growing up will pass swiftly through our minds that night, but with us forever, the feeling of accomplishment and pride will linger.

To the faculty, we thank you ever so much because you have won another victory in bringing forth the finest students, and for this you have the respect and long lasting appreciation that will never fade in our hearts.

We will leave New Bedford Vocational High School with fond and long lasting memories and will have a little of each of you through every obstacle which we may encounter in life.

May we extend our deepest appreciation to all of you.

The 1967 graduating class is an excellent one. It has received able leadership from class officers who have done an outstanding job.

You not only have been blessed with parents who understand the value of a good education and training but have given you the opportunity to receive it.

Your faculty, staff and administration have all cooperated in their efforts to prepare you for successful careers as good citizens and competent workers. From this point you will decide your destiny. I would urge you to remember always that you are the product of the efforts of many people.

I would suggest for your thoughtful consideration the words of that great scientist, Albert Einstein, who said, "A hundred times every day I remind myself that my inner and outer life depend on the labors of other men, living and dead, and that I must exert myself in order to give in the same measure as I have received".

My sincere congratulations and best wishes for a happy and worthwhile life.

Walter Jamick

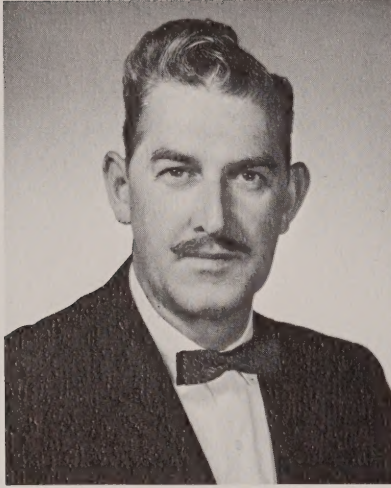

It has been said that "it matters not so much, in this life, where you are standing but, what is more important, the direction in which you are moving."

Your attendance and subsequent graduation from this school has given you impetus in the right direction. In your future may you continue in that direction so that, upon leaving the "best student body", you become one of the "best" citizens of our community and country.

Dedication

It is with sincere appreciation that we, the class of '67, dedicate the Mariner to *Mrs. Vera Underhill*.

For the past 5 years she has patiently guided sophomore clothing and senior accessories classes at Vocational. Her dedication and sincerity to the girls is felt by all with whom she came in contact.

It is with this that we extend a heartfelt thank you.

Dedication

With ethical pride, the 1967 Senior Class of New Bedford Vocational High School makes the dedication of the yearbook, the Mariner of 1967, to Mr. Richard Barry, an exceedingly remarkable person, in appreciation for his outstanding devotion as instructor of the students in his History, General Science, and Chemistry classes.

Mr. Barry teaches us the affection of wisdom and the search for it. Being respectful, having leadership, showing sincerity and fairness are the major points of his philosophy, which he teaches and practices closely.

We hope the future will bring him happy and more prosperous years at Vocational High School.

IN MEMORIAM

Sports lost one of its most avid boosters and the field of vocational education one of its staunchest pillars in the recent death of E. Bowley Whipple.

He was the first tennis coach New Bedford Vocational High School ever had and was one of that rare group which gave his service gratis. He was born in 1896 in Plaistow N.H.; he then migrated to Salem where he attended school before coming to New Bedford in 1922. Mr. Whipple first joined the Vocational School faculty as an instructor in the Machine Department. In the 44 years at Voke his star shone brighter, and in 1959 he became assistant Director of the New Bedford Vocational High.

For the next seven years he served as right hand man at Voke for Mr. Z. Walter Janiak, the director. Like his coaching contemporaries, at Voke in years past, teaching young men and women the rudiments of the game was compensation enough for him.

Now that he is gone the countless young men and women who came under his fine tutelage in his 44 years as an educator at the school, stand as a monument to this kindly man with a concern. While "Whip" failed to make the Varsity football team at Salem, he did succeed as an accomplished tennis player, made the school's ice hockey squad, played baseball in the City Twilight League here took a shot at basketball with the Vocational Faculty team and played golf. He also met such famous people as Babe Ruth, Harold 'Red' Grange and Gus Gonnemberg.

Characterized by Mr. Janiak as a "dedicated pioneer of Vocational Education." To add to the description of this kindly man were the remarks of a close associate who affectionately called him the American version of Mr. Chips. Mr. Janiak was quoted as saying that Mr. Whipple was a vital part of the foundation or structure of vocational education. In the parlance of sports it must be said that E.B. touched all the bases.

Now the kind and considerate heart has been stilled forever and there is a big void in vocational education, in sports and everyday life. "Both the school and I are going to miss him very much" said Mr. Janiak. The E. Bowley Whipples come along only once in a life time.

"Goodbye Mr. Chips"

The Vocational football players of 1966 came up with spine-tingling moments as they threw their hearts and souls into every game.

Although Vocational won one game, lost five, and tied two, John Quintal, Vocational's speedy halfback, had the honor of being named to the All Bristol County Football Team.

The Vocational football team's coaching staff is headed by Coach Harry Kummer with assistants Ernie Driesen and Frank Warrington.

Vocational will be losing nine players next year. They are Roland Edwards, Tom LeFleur, John Quintal, Paul Richard, Ken Sylvia, Bob Therrien, Wayne Vandal, Henry Zalewski and Ed Zyskowski.

The 1966-1967 basketball team has shown to Bristol County that they will be a team to be feared in future seasons.

Under the superb coaching of Mr. Edward Lowney (head coach) and of an extremely competent assistant, Mr. Walter Siwik, next year promises to be a very successful one.

The Class of 1967 will never forget these fine boys who have participated in this sport but most of all in their giving of themselves to bring victory to their school and respect from all who have seen these boys play. The Class of 1967 predicts that there will come a day when the teams of Bristol County will sit on the edge of their seats and shudder at the thought of the Artisian quintet.

New Bedford Vocational's 1966 baseball team had a rough year in the win column winning six and losing ten, but it had some very close games which could have changed the standings considerably. The 1966 season showed great hope for baseball at Voke which possessed fine ball players plus good coaches. They are: Head Coach, William B. Norton, and Assistant Coach, Robert A. Simmons.

Although Vocational's soccer team had only one victory this season, they can be proud of their great sportsmanship on the field. Through the fine efforts and teamwork gained by veterans Mike Wood, Joe Pereira, and Steven Percival, a fine example was set for the freshman and sophomore booters who were less experienced.

Coach Ken Pearson is looking forward to a more successful season in 1967 as he will be minus only one player. Captain Mike Wood will be lost to graduation.

Once again this year the track team has the privilege of being ably coached by Mr. Francis Holt. Mr. Holt can be called and justifiably so, one of the pillars of New Bedford Vocational High School and one of the finest men of character to have ever walked its halls and coached upon its field. With his shock of snow white hair and kindly sternness and quiet but authoritative directions, Mr. Holt has shown over and over again the faith in the kind of boys we have here at Vocational, and the fidelity it takes to make a great institution.

GOLF

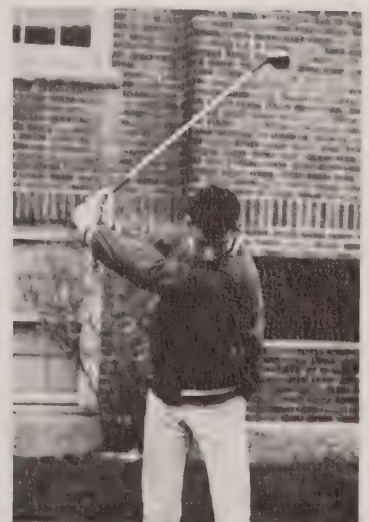

The members of the golf team are: *left to right, Front* R. Whitlow, T. Leonardo, P. Ziemba, Captain N. Allison, *Rear,* R. Baccelli, Coach Bettencourt, G. Jackson.

Vocational High's golf team came out last season with five lettermen to face stronger opposition. The golf team braved the rain in the last season to score nineteen points overall in a losing battle. Their best effort was against Fairhaven High, a 4½ to 4½ tie.

The girls' basketball team has just completed its season under the coaching of Miss Alberta Silveira. This has been Miss Silveira's fourth season of coaching the girls of this school.

The Varsity team didn't win any games, but I'm sure we all got a great deal of experience and fun.

The Junior Varsity team didn't win all its games, but it did win over Stang and two games over New Bedford High. This team is going to bring our school many victories in the future.

Even though our teams were not very victorious, we kept our school spirit.

"NURSERY SCHOOL"

Take 7 to 8 young inquisitive minds belonging to four year old children, 5 junior girls eager to perfect the art of teaching and a young and very patient teacher to supervise the whole affair and you now have Vocational High's nursery school.

The prime purpose of this course, which is taught by Mrs. MacMullen, is two-fold. First, and foremost is to teach the children classroom behavior and group participation. Second, to teach the girls to handle children of this age group.

The day begins with a free play period followed by finger painting or coloring, clay molding, records by which to march and dance, a brunch of crackers and milk and ends with a story.

The student instructors soon learn that when you reply yes to a simple question like, "May I play in the sand box?", you will more likely than not turn around and find the young pupil sitting amongst the toys, shoes and all, "playing in the sand"

All agree that this course is one of the most fun filled, as well as rewarding courses, offered in the Household Arts department.

KEY CLUB

The Kiwanis Key Club is a school service club sponsored jointly by the Kiwanis International and Vocational High School. Its ultimate aim is to develop among male students a sense of responsibility toward their fellow man. It is the hope of the sponsoring agents that from these select young men, the community will derive its future leaders. The destiny of our nation will be in the hands of capable young men like those in this humanity service organization. These young men who have not made front page headlines with their deeds and sacrifices but have reached out to many hearts and have acquired a warm feeling toward our school and club.

The traffic squad officers: President—Earleen Gwozdz Secretary—Carolyn Hammond—Treasurer—Gale Smith Floor leaders: Liana Silva, Georgiana Silva, Ann Gomes and Susan Masse.

There are 53 girls on the squad. Each girl is responsible, first of all, to follow the rules and regulations herself. Second, to see that the students keep single file and to the right of the corridor when passing from class to class. Third, to make sure that no one runs or makes any unnecessary noise. The first traffic offense receives a warning slip. The second traffic offense receives a warning slip and the penalty of one detention. This detention is issued by our traffic advisor, Miss Goggin.

The assigned posts are: 1st floor, 2nd floor, cafeteria, locker room and auditorium.

Each year the members go on a Field Trip with their traffic advisor. The girls decide early in the year where they want to go. This is a trip for both education and pleasure.

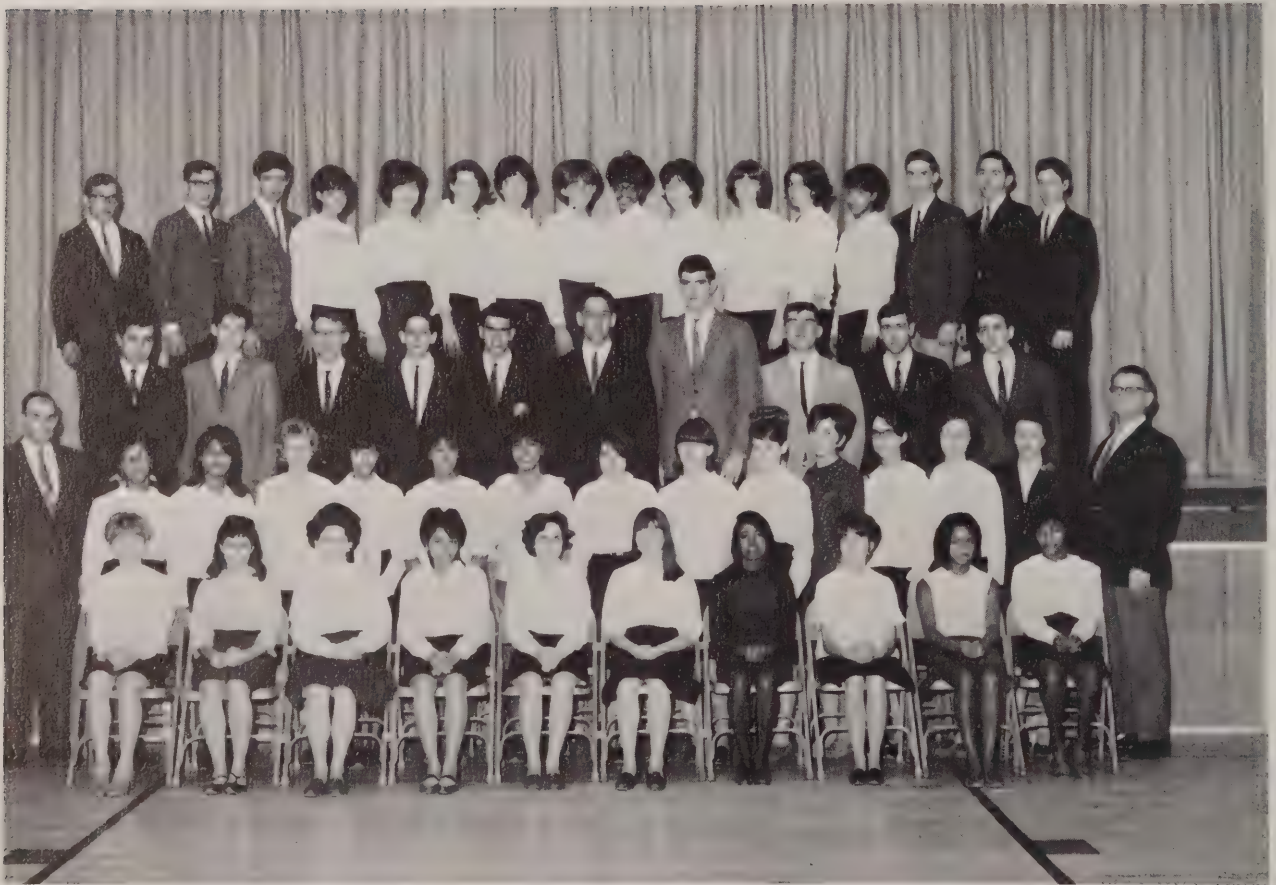

HONOR SOCIETY

The Technical Chapter of the National Honor Society at Vocational High School was organized in 1962. The members must be of honorable character and a symbol of scholastic achievement with grades of 85% and above or (B or better). Meetings are scheduled once a month. Executive sessions are held as frequently as commitments arise. An annual induction ceremony takes place after the first marking period of the year.

Dues and an annual Fanny Farmer Candy Sale enables the group to send representatives to area National Honor Society functions, enjoy Field Trips and donate a gift of money, in memory of E. B. Whipple, to the New Bedford Vocational High School Scholarship and Welfare Fund.

Seniors, Juniors and Sophomores comprise the fifty members this year with officers included:

Thomas Leonardo—President
Wayne Rebello—Vice President
Nancy Oliveira—Secretary
Lucy Lavimoniere—Treasurer
Advisors—Thelma M. Bagley
Harry L. Kummer

1st Row: Elaine Breton, Carla Simmons, Theresa Babineau, Georgianna Silva, Doelene Lafleur, Simonne Messier, Sharon Teixeira, Jeanne Tremblay, Bonita Allen, Melody DeBarros. *2nd Row:* Harrell Maloney, Liana Silva, Joyce Burgo, Linda Dile, Patricia Silva, Linda Grace, Carol Gomes, Eileen Fouquette, Susan Masse, Mary Jane Gula, Suzanne Hebert, Nancy Oliveira, Dianne Silva, Mrs. Thelma Bagley, Mr. Harry Kummer. *3rd Row:* Thomas Leonardo, Roger Lamy, Robert Saulniers, Frank Roderique, Donald Richard, Ronald Lamothe, John Grenda, Wayne Rebello, Joseph Arruda. *Last Row:* Roger Morin, David Oliver, Judy Lavimoniere, Diane LeBlanc, Gale Reynolds, Lucy Lavimoniere, Patricia Skyeck, Ann Gomes, Elizabeth White-Susan Lavintoniere, Diane LeBlanc, Donna Renaud, Joyce Soares, Marianne Jasinski.

The main purpose of the Future Nurses Club is to bring together all girls who are interested in any field of medicine. Under the supervision of Mrs. McCue, the school nurse and Mrs. Thelma Bagley, R.N., the girls meet every second Monday of the month.

It has been a custom that in December the girls get together and put on a Christmas Party at the New Bedford Home for the Aged.

Most of the girls who are going on for further study such as R.N. and L.P.N. courses get financial aid from the Future Nurses Club's Scholarship fund. This fund is raised by selling candy or cosmetics and from dues collected during the year.

From time to time the club is honored by having personnel, who are interested in the girls, from various hospitals, schools of nursing and technicians in X-Ray, laboratory, speech therapy, etc., come to speak on careers.

Every year the girls go on a field trip to a local or area hospital which is both interesting and educational.

SLIDE RULE CLUB

Left to right: Mr. Paul Duval, Faculty Advisor; Arthur Michaud, Michael Rebeiro; not pictured.

The Slide Rule Club is an elective open to all students of New Bedford Vocational High School.

Under the dedicated guidance of Mr. Paul Duval members of the club assemble to master the many basic functions and operations of the slide rule. The more basic functions mastered are: Multiplication, Division, Division and Multiplication combined, squaring numbers, square roots, cubing numbers, cube roots, above steps combined, trigonometry functions. The club meetings were held at 2:30 for 30 minutes, Tuesday and Thursday from the time it originated in mid-Sept. until the termination in mid-December. This year's club membership included: Arthur Michaud and Michael Rebeiro.

Members not in picture: June Gibeau, Joanne Malonson, Carol Schell, Brenda Ellis, Jeanne Surprenant.

Do you hear what I hear—music and piano playing? If it happens to be a Tuesday afternoon between two and three, chances are you are not on the verge of insanity but rather listening to the Household Arts Department Glee Club.

These girls practice all the current hit songs from movies and also the old classics so as to entertain the entire student body at assemblies and on special occasions.

The faculty adviser is Miss Parkins, and the girls director and piano accompanist is Mr. Bowker. The school will agree these girls do a great job each year.

CLASS HISTORY

If our four years at Vocational High were told as a record, it might be told in this fashion.

We entered our freshman year at New Bedford Vocational High School just a little scared and a little anxious as to what was in store for us. Boys and girls alike were held in awe at the sight of all the vast machinery and equipment as it was so completely different from what we were so use to. The main event which took place was the Junior-Freshman Dance held in welcome for all of the freshmen. At this dance Yvonne Lavine was the girl to have the honor of being chosen freshman Queen. Diane Barros and Janeane Aubin were chosen to be her ladies in waiting. The school also had a freshman, Ronald Kopechessi, representing it in a Voice of Democracy Contest and Ronald won a certificate and pin for the work of an essay. The rest of the year consisted of all the small details and problems of getting use to the new teachers, work and the rest of our fellow classmates. Before we even realized it, June was upon us and we had completed the first of our four years.

As our record goes on, a little wiser and no longer frightened by the machines, we entered our Sophomore year determined to make it one of the best years spent at Voke. During this year we had the honor of having astronaut Captain William Anders speak to the entire student body. Again Ronald Kopechessi represented the school in the Voice of Democracy Contest and received another certificate and pin for his work on an essay. Shortly after, the school suffered a terrible loss when the auditorium was destroyed by fire. Showtime was not held because of the fire. Once again another June had arrived and half of our stay at Voke was completed.

On the flip side of our record we find ourselves in our Junior year as upperclassmen, and our first task was to elect officers who could play a very important role in making this year a success for all of us. After much campaigning, Jeffrey Roderiques was elected President; Tina Rapoza vice-president; James Nightlinger, Treasurer; and Joyce Burgo, Secretary. We were well informed of the duties of the Junior Class by the Faculty Advisors Mrs. Glorianna Roderick and Mr. Frank Almeida.

Once again a Junior-Freshman Dance was held, but this time instead of being welcomed, it was our turn to welcome all the freshman and hope that they would enjoy their stay as much as we have. The next few months went rather quickly and before we knew it our mid-winter vacation was upon us and our long trip to the Ice Follies in Boston, a day which will long be remembered by all who attended.

Within the Junior class three students from welding department, entered the James F. Lincoln Arc Welding Foundation contest and each won fifth place and \$25.00 awards; their names are Donald Richard, Mark Dalton and Ronald Bedard. Also in other contests, Jeffrey Roderiques won a certificate in the "Classmates Today, Neighbors Tomorrow Program", and also won a certificate and trophy for writing a composi-

tion on Loyalty Day, Robert Babineau received a certificate and pin for entering the Voice of Democracy Contest in which he represented the school. Our first formal dance, our Junior Prom, was held in May. This was the first dance to be held in the newly renovated auditorium. Joyce Burgo and Robert Hebert were chosen to be King and Queen of that Springtime Festival night, in front of the colorful maypole. Evelyn Reed and Janice Emond were chosen ladies in waiting. A minority of the students of the class began making and selling beachbags for a fun and profit raising project. The profits helped out our funds in the treasury. June and our Junior Outing at Cathedral Camp came and went almost too fast. Our Junior Outing will long be remembered in the hearts of many who completed the third year at Voke, which leaves us with but one more year in this wonderful school.

We find ourselves coming upon the last song for our record. The intercom was sounding the beginning of a new year and to some of us it would be the last time we would hear the words of our advisers welcoming us to a new year. As you walk down the halls you would see campaign posters all around. After much more campaigning, our Senior class officers were elected. Again Jeffrey Roderiques was given the honor of being class president, Gale Smith was elected vice-president, Lucy Langevin for secretary, and George Jackson was chosen to be class treasurer. Green and white New Bedford Vocational High School sweatshirts were sold by orders through the class and shop treasurers as the first money raising project of the Senior Class. December was a most festive month and to add to the feeling of festivity the seniors held their Senior Holiday Dance. In February came the "Sweethearts Ball". One event that will long be remembered by all Senior girls is our trip to New York and Washington. Miss Mary E. Cronin and Mr. Edward Barrett played the very important part this year of Senior Class Faculty Advisers. Our Faculty Yearbook Adviser was Mr. Waters.

Contest honors were given to Donald Richard for Related Science and Citizenship which he has held since his sophomore year; he also won a Good Neighbor Policy award and was invited guest of honor at the Brotherhood Breakfast at Boston University in connection with the "Classmates Today, Neighbors Tomorrow Program". Donald held the position of Year Book Editor.

Jeffrey Roderiques won a certificate and pin in the Voice of Democracy, and he also represented the school on Good Government Day in Boston. Joyce Burgo was given the honor of being chosen Assistant Editor of the Yearbook *Mariner*. Linda Dile represented the entire school in a "Betty Crocker Cooking Contest".

Soon our final month at Voke was upon us, along with the Senior Prom and then Graduation Day. The last words of our teachers and of Mr. Z. Walter Janiak congratulating each and every one of us were heard. Boys and girls alike, had their eyes filling with tears partly for joy and partly for the thought of leaving all the familiar rooms, corridors and friends and teachers we may never see again. The final moment arrived when we received our diplomas and walked the length of the auditorium for the last time as students of New Bedford Vocational High School.

COMMUNITY WORKERS

Row 1 L-R: Carolyn Hammond, Francine Camara, Elaine Breton, Eileen Fouquette, Joyce Burgo, Mary Ann Nelson, Anne Dufresne, Mary Jane Gula, Row 2 L-R: Brenda Monteiro, Lynn Sherman, Donna Renaud, Diane Maillet, Elizabeth Whitehead, Lucy Langevin, Jane Russell, Cynthia Dinis, Maria Evora, Linda Devlin

If there is a rewarding job which needs to be done all on a person's own initiative, chances are you will find one of the "Community Workers" at it.

These girls are all involved with volunteer work done in New Bedford which is indirectly connected with Vocational High.

The girls help out at various hospitals, the Red Cross center and also have a special program of teaching foods classes at St. Mary's Home.

Every girl who participates agrees that a smile and thank-you is all they are after.

BIOLOGY CLUB

Front Row L-R: Francine Camara, Nancy Gonneville, Annette Villeneuve, Sandra Montenbault, Eileen Fougnette, Linda Devlin, Back Row L-R: Patricia Silva, Susan L'Heureux, Judith Lavimoniere, Susan Lavimoniere, Mary Hunt, Cheryl Demoranville, Mary Ann Nelson, Mrs. Stringer.

The Biology Club, established in 1965, began as a result of student enthusiasm in acquiring additional scientific knowledge.

It affords the student an opportunity to meet with people working in many scientific fields. The Club has sponsored guest speakers, discussion groups and field trips. It is the hope of the Club to broaden and improve the scientific mind of the student.

SHOP LEAGUE BASKETBALL

Machine Shop once again dominated Shop League Basketball by winning the championship with a glittering record of 11-2. They did this on the fine effort of Billy Green, Mickey Wood, Paul Kuliga, and little Joe Pavao.

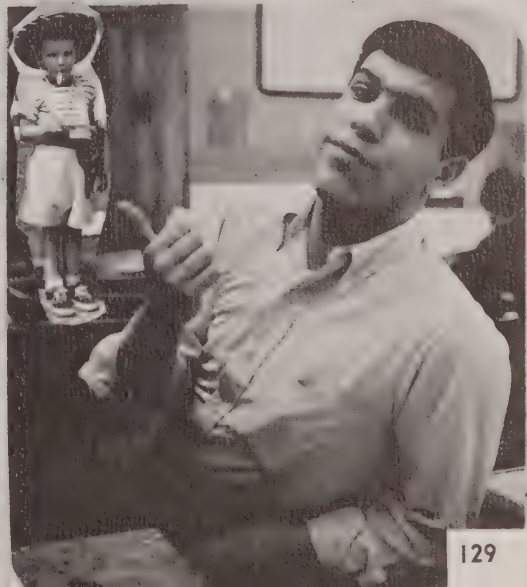

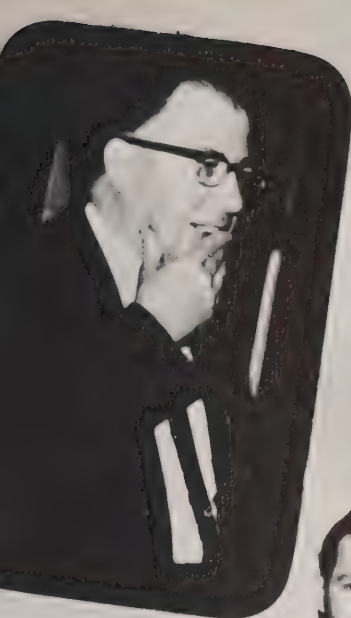

The victory wasn't easy as Electrical beat Machine in double overtime to force a 1st half play off. Machine won the play off game by a score of 27-25.

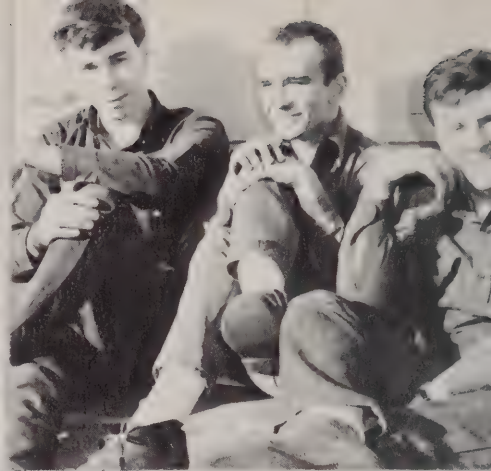

The 2nd half was even tighter as the League ended up in a 3 way tie between Machine, Electrical and Carpentry. Machine beat Electrical 42-35 and earned the right to meet Carpentry for the 2nd half Championship. They beat the latter 28-22 to clinch the League Championship.

The leading scores were:

<i>Name</i>	<i>Dept.</i>	<i>Points</i>	<i>Ave.</i>
1. Billy Green	Machine	83	8.3
2. Mickey Wood	Machine	71	11.1
3. Joe Pavao	Machine	60	7.5

We would like to extend our sincere thanks and appreciation to all the Supervisors and Instructors for their assistance and cooperation in the formulation of this yearbook.

Our special thanks to Mrs. Hamel our typist, who spent many late hours and a great deal of worry and concern in order that we could meet the deadline to the printer.

Thanks again Mrs. Hamel and once you've rested, we'll begin next year's book.
